

## #ConfrontHumanTrafficking with our New Toolkit 30 Actions 30 Days!

Did you ever hear the words “Human Trafficking” or “Modern Slavery” and wonder:

**“What can I possibly do to stop such a big problem?”**

The truth is, raising awareness is one of the important steps that all of us can take. Awareness helps community members learn how to recognize, report and respond with the appropriate action to keep it from happening again.

At ArtWorks for Freedom, our goal is to raise awareness AND inspire action! That’s why today, in honor of Human Trafficking Awareness Month this January, we are unveiling our new take action toolkit:

# 30 Actions 30 Days To Confront Human Trafficking!

We created an online action toolkit to provide a clear, easy and actionable website that helps you take one action each day that includes specific steps.

1. **LEARN** about a specific aspect of trafficking in the world today;
2. **RESPOND** through concrete actions like watching a film, organizing an activity in your community or supporting an NGO;
3. **FIND RESOURCES** to help you get started like how-to guides and other resources;

All leading up to helping you:

4. **DEVELOP YOUR OWN ACTION PLAN** based on what you've learned.

Our toolkit is a great place to start your anti-trafficking activism. Use it to organize a group project for Human Trafficking Awareness Month, whether with your friends, co-workers, church community, neighborhood or civic club.

Visit [30actions30days.org](https://30actions30days.org) to see the full toolkit and get started. Then, share your actions with your friends with our easy-to-share Facebook and Twitter cards using the hashtag **#ConfrontHumanTrafficking!**

Follow 30 Actions 30 Days on [Facebook](#) and [Twitter](#) during the month of January to see new actions to take each day for Human Trafficking Awareness Month!

**Take the Challenge!**
